SOLID WASTE ASSOCIATION OF NORTH AMERICA (SWANA)

MOLO

Manager of Landfill Operations Course

INSTRUCTOR MANUAL

CONTENTS

LESSON ONE – INTRODUCTION AND OVERVIEW

1.0 LESSON OBJECTIVES 1-1
1.1 COURSE PURPOSE 1-1
1.2 COURSE FUNDAMENTALS 1-3
1.3 SWANA CERTIFICATION PROGRAM(S) 1-5
1.4 COURSE SCHEDULE 1-7
Day One 1-7
Day Two 1-7
Day Three 1-8
1.5 EXPECTATIONS OF STUDENTS AND INSTRUCTORS 1-8
1.6 THE MOLO DEFINED 1-9
1.7 INTERACTION OF CLASS, FACULTY, AND SWANA STAFF 1-11
1.8 COURSE MANUAL 1-11
1.9 SUMMARY 1-11
1.10 LESSON 1 STUDY GUIDE 1-12

LESSON TWO - LANDFILL BASICS

2.0 LESSON OBJECTIVES 2-1
2.1 SOLID WASTE AND MSW 2-1
2.2 MSW COMPOSITION 2-3
2.3 MSW GENERATION 2-6
2.4 MSW CHARACTERISTICS: HISTORICAL MSW GENERATION 2-7
2.5 MSW CHARACTERISTICS 2-8
2.6 MSW CHARACTERISTICS: TYPICAL DENSITIES OF MUNICIPAL SOLID WASTE BY SOURCE 2-9
2.7 OTHER WASTE STREAMS 2-11
2.8 INTERGRATED MUNICIPAL SOLID WASTE MANAGEMENT 2-12
2.9 WASTE PROCESSING 2-14
2.10 INTRODUCTION TO MSW LANDFILL OPERATIONS 2-15
2.11 MSW LANDFILL LOCATION 2-17
2.12 MSW LANDFILL SITE LAYOUT 2-18
2.13 MSW LANDFILL REGULATIONS 2-22
2.14 RCRA REGULATIONS 2-23
2.15 TYPICAL DISPOSAL BANS 2-24
2.16 SUMMARY 2-25
2.17 LESSON 2 STUDY GUIDE 2-26
2.18 REFERENCES AND RESOURCES 2-28

LESSON THREE – LANDFILL SITING

3.0 LESSON OBJECTIVES 3-1
3.1 LOCATING A LANDFILL SITE 3-1
3.2 REGULATORY SITING REQUIREMENTS 3-2
Airport Safety 3-2
3.3 FLOODPLAINS 3-3
3.4 WETLANDS 3-4
3.5 FAULT AREAS 3-5
3.6 SEISMIC IMPACT ZONE 3-7
3.7 UNSTABLE AREAS 3-9
3.8 LANDFILL SITING PROCESS 3-10
Waste Source 3-11
Zoning, Planning, or Existing Land Uses 3-11
Government Controls 3-11
Soil Types and Conditions 3-11
Surface Water 3-11
Traffic 3-11
Utilities 3-12
Parks, Open Spaces, and Recreation Areas 3-12
Proximity to Groundwater Resources 3-13
Historical, Archeological, and Social Preservation 3-13
Surrounding Land Use 3-13
Visual Screening and Buffer Zones 3-13
Endangered Plant and Animal Species 3-14
Other Community Selection Criteria 3-14
3.9 SUMMARY 3-14
3.10 LESSON 3 STUDY GUIDE 3-15
3.11 REFERENCES AND RESOURCES 3-16

LESSON FOUR – LANDFILL DESIGN

4.0 LESSON OBJECTIVES 4-1
4.1 THE DESIGN PROCESS 4-1
4.2 SITE LAYOUT 4-3
4.3 BOTTOM LINER SYSTEMS 4-5
4.4 BOTTOM LINER COMPONENTS 4-5
4.5 MINIMIZING POTENTIAL ENVIRONMENATL IMPACTS 4-8
4.6 LEACHATE COLLETION 4-9
Natural Drainage Media and Synthetic Drainage Layers 4-10
Maintaining Functionality 4-11
Leachate Pipes and Pumps 4-11
Cleaning and Maintaining Leachate Lines 4-12
Leachate Storage and Load Out 4-13
Tanks 4-13
Lagoons 4-13

Other Systems 4-13
Wetlands 4-14
Evaporation 4-14
Sewer 4-14
Leachate Recirculation 4-14
Forcemains and Gravity Sewer Systems 4-15
Odor Control and Leachate 4-15
4.7 DESIGNING FOR STORMWATER-RUN-ON AND RUN-OFF CONTROL 4-16
Stormwater Pollution Prevention Plan 4-17
25-Year Storm Event 4-17
Examples of Stormwater Management Control 4-18
Unique Sites 4-18
Storage Ponds, Forebays, and Treatment Swales 4-19
Stormwater Management and New Materials/designs 4-19
4.8 GAS COLLECTION 4-20
Landfill Gas Constituents 4-20
Gas Management and Landfill Design 4-21
4.9 FINAL COVER SYSTEM 4-23
4.10 SITE ACCESS, SAFETY, AND SECURITY 4-24
4.11 PLANNING FUTURE EXPANSION NEEDS 4-25
4.12 REGIONAL/OPERATIONAL DIFFERENCES 4-25
Small Arid Landfill 4-26
Noise, Odor, and Visual Screening in Residential Areas 4-26
4.13 SUMMARY 4-26
4.14 LESSON 4 STUDY GUIDE 4-27
4.15 REFERENCES AND RESOUCES 4-29

LESSON FIVE – PERMITTING

5.0 LESSON OBJECTIVES 5-1
5.1 REGULATIONS OVERVIEW 5-1
5.2 REGULATORY AGENCIES 5-2
5.3 RCRA REGULATIONS 5-3
5.4 OTHER REGULATIONS 5-5
5.5 PERMIT ELEMENTS 5-5
5.6 PERMIT PROCESS 5-6
5.7 SUMMARY 5-7
5.8 LESSON 5 STUDY GUIDE 5-9
5.9 REFERENCES AND RESOURCES 5-10

LESSON SIX – CONSTRUCTION

6.0 LESSON OBJECTIVES 6-1
6.1 CONSTRUCTION PROCESS 6-1
6.2 PLANNING/SCHEDULING CONSTRUCTION PROJECTS 6-3
6.3 BOTTOM LINER CONSTRUCTION 6-5
6.4 LEACHATE COLLECTION STANDARDS 6-12
6.5 GAS COLLECTION SYSTEMS 6-16
6.6 FINAL COVER SYSTEMS 6-17
6.7 MAINTENANCE PROJECTS 6-17
6.8 SUMMARY 6-18
6.9 LESSON 6 STUDY GUIDE 6-19
6.10 REFERENCE AND RESOURCES 6-21

LESSON SEVEN – LANDFILL OPERATIONS

7.0 LESSON OBJECTIVES 7-1
7.1 LANDFILL EQUIPMENT 7-1
Daily Operational Equipment 7-1
Compactor 7-2
Track Dozer 7-3
Loaders 7-4
Scrapers 7-5
7.2 SUPPORT EQUIPMENT 7-6
Motor Graders 7-6
Water Wagons 7-7
7.3 WASTE-PROCESSING EQUIPMENT 7-7
7.4 MISCELLANEOUS EQUIPMENT 7-9
7.5 SELECTING EQUIPMENT 7-9
7.6 EQUIPMENT MAINTENANCE 7-11
7.7 EQUIPMENT ECONOMICS 7-13
7.8 WASTE PLACEMENT AND COMPACTION 7-16
Landfill Waste Density 7-19
Airspace Utilization Density 7-20
Landfilled Materials Density 7-20
7.9 LANDFILL COVER 7-23
7.10 IMPORTANCE OF SOUND OPERATIONAL PRACTICES 7-27
7.11 STORMWATER CONTROL 7-28
7.12 STORMWATER MANAGEMENT STRATEGIES 7-29
7.13 SPECIAL WEATHER OPERATION 7-30
7.14 NUISANCES 7-32
Fugitive Dust and Particulate Matter 7-32
Litter 7-34
Litter - Managing Open Loads to Control Litter 7-35
Litter - Windy Conditions 7-35
Odors 7-35

Noise 7-37
Insects and Rodents 7-38
Animals…..... 7-39
Fires……..... 7-40
7.15 PLANS AND DRAWINGS..... 7-41
Cross Sections..... 7-41
Existing Site Conditions 7-41
Record Drawings..... 7-42
7.16 LAND SURVEYING 7-42
GPS……. 7-43
Robotic Total Station..... 7-44
7.17 INTRODUCTION TO PLAN READING..... 7-44
The North Arrow..... 7-44
The Scale..... 7-44
Contour Lines..... 7-45
Understanding Slopes..... 7-45
7.18 SAFETY EQUIPMENT..... 7-46
7.19 SUMMARY 7-47
7.20 LESSON 7 STUDY GUIDE..... 7-48
7.21 REFERENCES AND RESOURCES 7-50

LESSON EIGHT – OPERATIONAL CHALLENGES

8.0 LESSON OBJECTIVES..... 8-1
8.1 MOLO RESPONSIBILITIES 8-1
8.2 WASTES REQUIRING SPECIAL HANDLING..... 8-2
8.3 PROHIBITED WASTES..... 8-6
Polychlorinated Biphenols (PCBS)..... 8-7
Liquid Wastes..... 8-7
Biosolids 8-9
Refrigerants..... 8-9
Radioactive Waste 8-10
Bloodborne Pathogens..... 8-11
Regional and Local Prohibitions..... 8-12
8.4 HAZARDOUS WASTE..... 8-13
Ignitable.. 8-14
Corrosive 8-14
Reactive.. 8-14
Toxic……. 8-15
8.5 WASTE SCREENING..... 8-17
Customer Notification..... 8-17
Public Education 8-18
Visual Waste Screening 8-18
Managing Prohibited Wastes 8-19
Understanding Labels and Container Types 8-19
Training and Management of Waste Screening Personnel 8-20

8.6 LOAD CHECKING 8-20
Notification and Record Keeping 8-21
8.7 SUMMARY 8-22
8.8 LESSON 8 STUDY GUIDE 8-23
8.9 REFERENCES AND RESOURCES 8-25

LESSON NINE – ENVIRONMENTAL MONITORING

9.0 LESSON OBJECTIVES 9-1
9.1 LEACHATE BASICS 9-1
9.2 LEACHATE MANAGEMENT AND CHALLENGES 9-5
9.3 LANDFILL GAS PRODUCTION AND COMPOSITION 9-14
9.4 LFG CONCERNS 9-17
9.5 LFG MANAGEMENT 9-22
9.6 GROUNDWATER MONITORING REGULATORY REQUIREMENTS 9-38
9.7 GROUNDWATER MONITORING SYSTEMS AND METHODS 9-39
9.8 GROUNDWATER MONITORING PLAN AND ANALYSIS 9-45
9.9 CORRECTIVE ACTION 9-47
9.10 SUMMARY 9-48
9.11 LESSON 9 STUDY GUIDE 9-49
9.12 REFERENCES AND RESOURCES 9-53

LESSON TEN – COMPLIANCE INSPECTIONS AND PUBLIC RELATIONS

10.0 LESSON OBJECTIVES 10-1
10.1 COMMUNICATIONS OVERVIEW 10-1
10.2 PLANNING SCHEDULES 10-1
10.3 STAFF MANAGEMENT 10-3
10.4 CUSTOMER COMMUNICATIONS 10-5
10.5 PUBLIC RELATIONS 10-9
10.6 COMMUNICATIONS DISCUSSION 10-13
10.7 RECORD KEEPING 10-14
10.8 COMPLIANCE INSPECTION AUTHORITY 10-15
10.9 COMPLIANCE INSPECTION PROCESS 10-17
Announcement 10-20
Conducting the Inspection 10-20
Field Activities 10-20
Reporting and Records 10-20
Photographs 10-21
Samples 10-21
Post Inspection 10-22
10.10 POST INSPECTION ACTIONS 10-22

10.11 CONSTITUTIONAL LIMITATIONS ON WARRANTLESS ENVIRONMENTAL INSPECTIONS 10-24
10.12 MAINTAINING FACILITY COMPLIANCE 10-25
10.13 COMMUNICATIONS DISCUSSION 10-26
10.14 SUMMARY 10-26
10.15 LESSON 10 STUDY GUIDE 10-28
10.16 REFERENCES AND RESOURCES 10-30

LESSON ELEVEN – CLOSURE

11.0 LESSON OBJECTIVES 11-1
11.1 CLOSURE BASICS 11-1
11.2 CLOSURE PLAN 11-2
11.3 FINAL COVER DESIGN 11-6
11.4 POST CLOSURE CARE 11-14
11.5 POTENTIAL END USES 11-17
11.6 FINANCIAL ASSURANCE 11-18
Trust Fund 11-19
Surety Bond 11-20
Letters of Credit 11-20
Insurance 11-20
Financial Tests 11-21
11.7 SUMMARY 11-21
11.8 LESSON 11 STUDY GUIDE 11-22
11.9 REFERENCES AND RESOURCES 11-24

LESSON TWELVE – ECONOMICS

12.0 LESSON OBJECTIVES 12-1
12.1 ELEMENTS OF LANDFILL COST 12-1
12.2 LANDFILL COST MODEL 12-3
12.3 SUMMARY 12-22
12.4 LESSON 12 STUDY GUIDE 12-23

LESSON THIRTEEN – EMERGING TECHNOLOGIES

13.0 LESSON OBJECTIVES 13-1
13.1 INTRODUCTION TO EMERGING TECHNOLOGIES 13-1
13.2 THERMAL TECHNOLOGIES 13-2
Concerns 13-3
13.3 DIGESTION (AEROBIC AND ANAEROBIC) TECHNOLOGIES 13-4
13.4 CHEMICAL PROCESSING (THERMAL DEPOLYMERIZATION) 13-6
13.5 BIOREACTOR TECHNOLOGY 13-6
13.6 REGULATORY REVIEW 13-9
13.7 PUBLIC PERCEPTION 13-10
13.8 SUMMARY 13-11
13.9 LESSON 13 STUDY GUIDE 13-12
13.10 REFERENCES AND RESOURCES 13-13

LESSON FOURTEEN – GENERAL SAFETY

14.0 LESSON OBJECTIVES 14-1
14.1 SITE SECURITY 14-1
14.2 SITE SAFETY 14-3
14.3 EMPLOYEE TRAINING 14-5
14.4 SAFETY EQUIPMENT 14-9
14.5 CONTINGENCY COUNTERMEASURES 14-11
14.6 CONFINED SPACE ENTRY 14-12
14.7 SAFETY DOCUMENTATION AND INSPECTION 14-16
14.8 OSHA ISSUES 14-17
14.9 SHARPS…. 14-18
14.10 ACCIDENT PREVENTION 14-19
14.11 NEAR MISS 14-20
Near Miss Incident Investigation 14-22
14.12 ACCIDENT INVESTIGATIONS 14-23
Truck Driver Run Over By Trash Compactor at Municipal Landfill 14-23
Worker Run Over by Compactor at Landfill 14-25
14.13 WORKING CONDITIONS 14-25
Heat Exhaustion and Heat Cramps 14-26
Heat Stroke 14-26
Hypothermia 14-27
Frostbite 14-27
14.14 COMMUNICATION 14-27
14.15 SWANA TRAINING PROGRAM 14-28
14.16 SUMMARY 14-29
14.17 LESSON 14 STUDY GUIDE 14-31
14.18 REFERENCES 14-32

LESSON FIFTEEN – COURSE SUMMARY
