2010 COLLECTION SYSTEM EXCELLENCE AWARD - SCORING CRITERIA

SWANA's Collection & Transfer Technical Division has established the following categories by which Collection Systems will be evaluated for excellence. **Please organize your application according to the main categories**, addressing each of the sub-categories as you see fit for your specific operation. The sub-categories were designed to be a general guide for your application, but feel free to address any other pertinent topics that exhibit excellence in your program. Please be attentive to each category's pre-assigned point value, as judges will be scoring each category based on these numbers.

- 1.) Design of Collection Facility/ Management System: 15 points**
 - What type of collection system was developed
 - Merits of the system
 - Innovative or unique aspects of the system
 - What makes this system different from the rest

- 2.) Environmental Controls & Regulatory Compliance 20 points**
 - Environmental protection, demonstrating that it is "state of the art" collection system (Photographs/schematics included as necessary)
 - Overall impact of the program on human health, environmental quality and resource conservation.
 - Compatibility with the environment
 - Is the site in environmental compliance for operating a collection system
 - Have they submitted any awards, letters or facility inspection data
 - Is the system integrated and complimentary to other local solid waste management systems

- 3.) Program Planning 10 points**
 - Description of the collection system planning process
 - Is the planning process effective
 - Discuss system downtime if any

- 4.) Performance, Economics and Cost Effectiveness (please include quantifiable data wherever possible) 25 points**
 - Describe the efficiency of the operation
 - Discuss operational performance - does it equal or exceed the goals and expectations set forth for this system, and found with other similar systems elsewhere
 - How does the organization foster customer service
 - Does the collection system operate within its budget, and are the costs appropriate for a system in the industry that is comparable in size
 - Are the economics typical of those found in the industry
 - Was the system designed and operated (and generates revenue) as budgeted and expected

- 5.) Utilization of Equipment/Systems and Technologies 10 points**
 - Types of equipment being utilized
 - Detail efficiency and effectiveness of equipment

- 6.) Worker Health & Safety 10 points**
 - Describe employee training frequency and safety procedures
 - Describe injury rates

- 7.) Public Acceptance, Appearance and Aesthetics 5 points**
 - Discuss overall appearance of the vehicles, maintenance facility and yard
 - Are the facility and vehicles properly maintained for cleanliness
 - Does the program provide public relations measures and public education information
 - Is the facility a good neighbor

- 8.) Application Quality (this category does not need to be verbally addressed within your application) 5 points**
 - Overall quality and appearance of the application, editorial, technical quality
 - Is it easy to read, neat and well organized? Has all information been included?
 - Applications that are unreadable or do not provide required information will be disqualified from entry.

JUDGING AND SCORING DETAILS

Each of SWANA's Technical Divisions has implemented its own specialized scoring and evaluation procedure, reflective of the diversity in the solid waste field. As a result, the possibility exists that there may NOT be an award presented in each level (Gold, Silver and Bronze).

2010 ENTRY & ELIGIBILITY REQUIREMENTS

Entries must comply with the following requirements to be considered for evaluation¹. All materials become the property of SWANA. Please keep a copy of your entry for your own records.

APPLICATION REQUIREMENTS

- Entries shall consist of **ONE** electronic copy of your application. The electronic application may be submitted via SWANA's FTP site or may be mailed on a CD-ROM. The electronic materials submitted will be used to distribute your application materials to SWANA judges for evaluative purposes, so please make sure that your submittal is fully and accurately represented. Additional materials (pamphlets, videos, etc.), may be included and should be digitized and included in the digital submission if possible. In cases where it is impossible to digitize these materials please send **FOUR** copies of each supplemental material you would like evaluated for distribution to judges. These supplemental materials should be referenced accordingly within your application, and instructions for how judges should handle supplemental materials must be clearly articulated within the application.
- The total number of pages in the original digital application **SHOULD NOT EXCEED 25!** Entries over 25 pages will be disqualified. Suggested length: 15-20 pages.
- Please begin your nomination with a brief **EXECUTIVE SUMMARY** of no more than 200 words. This will be used to highlight your program in SWANA publications, including the WASTECON 2010 Awards Luncheon Program, so please ensure that you provide a clearly articulated summary of your project and why it is worthy of recognition.
- Electronic applications should be submitted as Microsoft Word (.doc) or Adobe Portable Document Format (.pdf) files. All pictures and graphics should be included in the document, either embedded in the appropriate section or in a referenced appendix. Please **MINIMIZE** the number of files included in your electronic nomination! Do not create a separate file for each portion of the submittal.
- If you are mailing a CD, please clearly label the CD with the facility/program and applicant's name.
- Entries shall consist of the following materials:
 - 1.) **Nomination Release Form** - (*does not count towards page limit*)
 - 2.) **Descriptive Sections** (20 pages maximum² – arranged by scoring criteria) - mixed with pictures, graphics, etc. to highlight items
 - 3.) **Supplemental Materials** (10 pages maximum²) – i.e. press releases, news articles, support letters, design plans, etc.

APPLICATION FEES (IN U.S. DOLLARS)

- **\$125** per application for single, first-time applicants
- **\$100** per application for facilities who have submitted an application within the last two years (2008, 2009)
- For facilities/programs submitting more than one application (under different categories) the following pricing scale applies:
 - **\$100** per application if submitting two
 - **\$75** per application if submitting three (**Maximum of 3 applications per entrant**)

¹ Entries not meeting minimum criteria will be ineligible and returned with a refund of \$75 (if received no later than January 29, 2010). Ineligible applications may be resubmitted with the full nomination fee prior to the April 16, 2010 deadline. If, for reasons beyond your control, you are unable to meet the following requirements, please contact SWANA for further submittal options.

² Please note that the combined total of descriptive and supplemental pages shall **still not exceed 25**. It is up to the applicant to determine the most effective way to structure these two sections, while still addressing all of the pertinent topics.

EXCELLENCE AWARDS FAQ AND 2010 TIMELINE

- Q: How many Excellence Award categories are there? A: There are 14 different categories within SWANA's seven Technical Divisions. You may visit www.SWANA.org/Awards for a full listing of categories and corresponding downloadable nomination forms.
- Q: Are smaller facilities or programs at a disadvantage? A: No. Applications are judged upon the *quality* of the facility or program they depict, not budget size or operational extensiveness.
- Q: Does a longer application work to my benefit? A: Not necessarily. As long as the scoring topics are discussed sufficiently enough to convey adequate insight into your operations, it really does not matter how long your application is. Supplementary inserts like brochures, maps, pictures, etc. can often replace the need for long textual descriptions.
- Q: What are the benefits of being an Award Winner? A: Aside from being publicly recognized during the annual WASTECON awards luncheon, SWANA issues a press release to over 100 media outlets throughout the country announcing award winners. MSW Management Magazine also highlights award winners in their September/October issue. This year, SWANA will also be including winning applications in various conference proceedings and even on our revised website. In summary, the word will get out!
- Q: What is the SWANA Innovation Award? A: SWANA's Innovation Award is given to facilities that demonstrate unrivaled creative and innovative qualities. All applicants are considered for this award and you do not need to apply separately.

2010 Important Dates

- **January 21-23, 2010:** Senior Executive Seminar– San Diego, CA
- **February 8-13, 2010:** Thinking Outside the Blue Box Conference – Charlotte, NC
