Increase Carpet Diversion in Illinois
Participate in a full day discussion on how best to increase carpet recycling in Illinois with manufacturers, retailers, installers, government, and recyclers.

Stay up to date on the status of carpet recycling in the United States and Extended Producer Responsibility (EPR) and non-EPR approaches to recycle carpeting and padding. The goal of this collaboration is to expand recycling opportunities for carpet and padding in Illinois markets.

Visit swanastore.com to register online and pay by credit card, or fill out this form and make checks payable to SWANA Illinois to become part of the conversation.

Benefits of Attending the Carpet Recycling Summit:
- Status update on carpet recycling programs on a state and national level
- Increase diversion rates through a statewide effort
- Network with industry stakeholders and colleagues

Who Should Attend
Carpet Manufacturers, Retailers and Installers, Carpet Recyclers, C&D Recyclers, Private Waste Industry Representatives, Solid Waste and Recycling Coordinators, Sustainability Coordinators, Local, State and Federal Officials and Environmental Interest Groups
