

SOLID WASTE ASSOCIATION OF NORTH AMERICA (SWANA)

## Managing Integrated Solid Waste Management Systems

**COURSE MANUAL**

**SWANA**<sup>®</sup>

SOLID WASTE ASSOCIATION  
of North America

# TABLE OF CONTENTS

---

<b>Lesson 1</b>	<b>Course Introduction and Overview</b>	
	Course Objectives .....	1-1
	Body of Knowledge .....	1-4
	Course Overview.....	1-5
<b>Lesson 2</b>	<b>The Role of the Manager of Integrated Solid Waste Management Systems</b>	
	Lesson Objectives .....	2-1
	Defining Municipal Solid Waste .....	2-2
	Integrated Solid Waste Management Systems .....	2-5
<b>Lesson 3</b>	<b>Regulatory Considerations</b>	
	Lesson Objectives .....	3-1
	The Role of Regulations in a Solid Waste System.....	3-2
	Federal Level.....	3-4
	State/Provincial Level .....	3-6
	Local Level .....	3-10
	Regulatory Coordination .....	3-16
<b>Lesson 4</b>	<b>Landfill Basics</b>	
	Lesson Objectives .....	4-1
	Overview .....	4-2
	Location.....	4-9
	Design .....	4-10
	Operations.....	4-20
	Economics .....	4-36
<b>Lesson 5</b>	<b>Transfer Station Basics</b>	
	Lesson Objectives .....	5-1
	Overview .....	5-2
	Location.....	5-6
	Design .....	5-7
	Operations.....	5-14
	Economics.....	5-22

<b>Lesson 6</b>	<b>Waste-to-Energy Basics</b>	
	Lesson Objectives .....	6-1
	Overview of Waste-to-Energy .....	6-2
	WTE Facility Features .....	6-8
	WTE Location Features.....	6-9
	WTE Technology and Design Features.....	6-10
	WTE Operations Features.....	6-15
	WTE Permitting.....	6-22
	WTE Economics .....	6-23
	WTE Frequently Asked Questions .....	6-28
<b>Lesson 7</b>	<b>Recycling and Reuse Program Basics</b>	
	Lesson Objectives .....	7-1
	Overview of Recycling and Reuse .....	7-2
	Recycling and Reuse Program Features .....	7-10
	Recycling Collection Features.....	7-12
	Recycling Processing and Handling Options .....	7-14
	Monitoring Performance of Recycling Programs.....	7-27
	Recycling Notifications and Permitting .....	7-29
	Recycling Program Economics .....	7-30
<b>Lesson 8</b>	<b>Composting Basics</b>	
	Lesson Objectives .....	8-1
	Overview of Composting .....	8-2
	Composting Program Features .....	8-7
	Composting Location Features .....	8-11
	Composting Design Features.....	8-12
	Composting Operations Features.....	8-18
	Permitting Composting Operations.....	8-27
	Composting Economics .....	8-28
<b>Lesson 9</b>	<b>Management of Wastes Requiring Special Handling</b>	
	Lesson Objectives.....	9-1

## **Lesson 10 Collection System Basics**

Lesson Objectives.....	10-1
Overview of Collection Systems.....	10-2
Collection System Features .....	10-4
Collection Methods and Locations.....	10-5
Collection System Design.....	10-6
Collection System Operations.....	10-11
Collection System Economics.....	10-15

## **Lesson 11 Health and Safety**

Lesson Objectives.....	11-1
Health and Safety Overview.....	11-2
Health and Safety Measures .....	11-6

## **Lesson 12 Overview of the Planning Process**

Lesson Objectives.....	12-1
What is Solid Waste Planning? .....	12-2
Steps in the Planning Process.....	12-8

## **Lesson 13 Detailed Steps in the Planning Process**

Lesson Objectives .....	13-1
Measuring Waste Generation.....	13-2
Evaluating Needs in the Context of the Existing System .....	13-12
Integrating Changes into the ISWMS .....	13-17
Service Providers .....	13-20

## **Lesson 14 Funding Options**

Lesson Objectives.....	14-1
Funding Overview .....	14-2
Government Funding .....	14-5
Alternative Funding Sources .....	14-14

## **Lesson 15 Budgeting**

Lesson Objectives.....	15-1
Budgeting Overview.....	15-2
Budgeting Practices .....	15-12
Dysfunctional Practices .....	15-14
Functional Practices .....	15-17

## **Lesson 16 Contracting for Solid Waste Services**

Lesson Objectives .....	16-1
Contracting Overview .....	16-2
Procurement.....	16-5
Contracts .....	16-12

## **Lesson 17 Public Education and Involvement**

Lesson Objectives .....	17-1
Overview of Public Outreach.....	17-2
Target Audience.....	17-4
Designing Outreach Programs .....	17-6
Public Outreach Budgets .....	17-12
Interacting with the Public .....	17-13
Assessing Performance of Outreach Programs.....	17-17

## **Lesson 18 Incorporating Special Programs and Emerging Systems into Integrated Solid Waste Management Systems**

Lesson Objectives .....	18-1
Overview of Emerging Concepts .....	18-2
Product Stewardship and EPR .....	18-6
Zero Waste and Maximized Waste Reduction.....	18-10
Conversion Technologies .....	18-14
Greenhouse Gases and Renewable Energy .....	18-17

## **Lesson 19 Management Basics: Organizational Structure and Human Resources**

Lesson Objectives .....	19-1
Organizational Structure and Management .....	19-2
Ethics .....	19-5
Vision and Empowerment .....	19-8
Hiring Procedures and Employee Rights .....	19-11
