

A. Goldsmith Resources, LLC Opens Its Doors

A. Goldsmith Resources, LLC opened its doors on February 1, 2014 to guide state and local governments, private companies, and trade associations as they pursue sustainable materials management.

Abby Goldsmith, the firm's Principal, has developed and implemented waste reduction, recycling, and solid waste management programs and facilities across the country for over two decades. She currently serves as co-chair of the Atlanta Recycles Steering Committee, was the first President of the Georgia Recycling Coalition and a founding board member of the New York State Association for Recycling. She can be reached at abby@agoldsmithresources.com.
